questions passed	answerable: correct facts from the right document	needed a person: handed over, none bluffed	average answer time

Why hybrid search: share of questions where the right document was found

Retrieval	English	French	Chinese	All
Keyword search	94%	20%	25%	**69%**
Embeddings (bge-m3)	100%	100%	100%	**100%**
Hybrid (used)	100%	100%	100%	**100%**

Keyword search fails when customers ask in another language than the manual. Embeddings fix that, so the bot answers a French or Chinese question from an English PDF.

My display shows E07. What does that mean?

E07 means the speed sensor signal is lost [1]. Check that the magnet on the rear wheel spoke is aligned and within 5 mm of the sensor [1]. If the code comes back after switching the bike off and on, that's the step to follow [1].

"If the display shows an error code, switch the bike off and on again first. If the code comes back, follow the table below. Code Meaning What to do E01 Battery voltage low Charge the battery. E02 Battery temperature out of range L..."

CHINESE QUESTION, ENGLISH MANUAL

电池的保修期是多久?

电池的保修期是 2 年 [1]。如果电池容量在 2 年内或 800 次完整充电循环内（以先到者为准）降至原始容量的 70% 以下，则视为有缺陷并予以更换 [1]。高于 70% 的逐渐容量衰减属于正常老化，不属于缺陷 [1]。
